

SECTION IX: EDUCATIONAL EXHIBITS

Chairperson: Kristi Riggelman

An educational exhibit is an opportunity for an individual to tell the public about a particular project or theme of interest. There should be two parts to the exhibit: a 'show' part and a 'tell' part. The 'show' part includes the items that relate to the theme or project. The 'tell' part is generally a poster(s) that tells about the theme or project.

Educational Exhibits may:

1. Teach facts and give information
2. Show a process, teach how to do something
3. Promote some phase of club work

A Good Exhibit has about 60 seconds to:

1. Arouse the interest of the viewer
2. Stimulate thought of the viewer
3. Inspire them to go and do the same

Special Rules:

- 1 **Displays must be no more than 24 inches deep, 30 inches wide and 32 inches tall.**
Display booths will be available on a first-come basis.
Remaining exhibits may be placed on tables or risers.
- 2 Exhibits must be free standing and constructed of a material heavier than poster board.
- 3 Educational exhibits will be judged on the following criteria:

A. Educational Value	40%
B. Interest and Originality	20%
C. Appearance	20%
D. Quality of Display Materials	20%
